FOREIGN NEWS.

Suspicious Vessels.

HALIFAX, May 7.—Rumors were current to-day that a startling letter had been received by Lieutenant-Governor Archibald, warning him of an expected visit to Halifax of two suspicious American vessels, and cautioning him to have precautions taken for the safety of life and property in the city. The Lieutenant-Governor admitted receiving a letter, but declined to state its contents or the nature of the measures taken by the military and naval authorities. From other parties, who know the contents of the letter, it is learned that Colonel Clarke on Sunday communicated to the officers information, said to come from Sir John MacDonald, that two suspicious vessels, manned it is believed by Fenians and carrying a quantity of torpedoes and other dangerous explosives, had sailed from Boston a few days ago, and it is thought intended to make Halifax their destination. On their arrival here it was asserted, the torpedoes with which the vessels were laden would be laid as opportunity offered, beneath the water in the harbor, with the intention of blowing up the shipping entering or leaving. A line of torpedoes was to be stretched from Sombra up the harbor as close to the city as possible, and when the time arrived all would be fired.

Particular mention is made of an extraordinary watch to be kept on the 14th instant, the day on which Brady, the Phoenix Park murderer, is to be executed, and it is also recommended that the guards at the various barracks, powder magazines, dock-yards and war-ships be strengthened. It could not be ascertained whether the guards on the Imperial property all over the city had been increased, but on Her Majesty's ship Tenedos, in port, they had been, and the sentries at various points have been instructed to be careful who they allow to enter the gates at which they watch.

DUBLIN, May 8.—The Lord Lieutenant has commuted the death sentence of Patrick Delaney, who pleaded guilty to the charge of "complicity in the murders of Cavendish and Burke."

LONDON, May 8.—The Times' Berlin correspondent says the government and the Reichstag seem to be drifting rapidly into a conflict.

Five years established and never known to fail in a single case, acute or chronic. Refer to all prominent physicians and druggists for the standing of Salicylica.

SECRET:

THE ONLY DISSOLVER OF THE POISONOUS URIC ACID WHICH EXISTS IN THE BLOOD OF RHEUMATIC AND GOUTY PATIENTS.

Salicylica is known as a common-sense remedy, because it strikes directly at the cause of Rheumatism, Gout and Neuralgia, while so many so-called specifics and supposed panaceas only treat locally the effects.

It has been concurred by eminent scientists that outward applications, such as rubbing with oils, ointments, liniments, and soothing lotions will not eradicate these diseases which are the result of the poisoning of the blood with Uric Acid.

Salicylica works with marvelous effect on this acid, and so removes the disorder. It is now extensively used by all celebrated physicians of America and Europe. High-st. Medical Academy of Paris reports 95 per cent cures in three days.

REMEMBER

That Salicylica is a certain cure for Rheumatism, Gout and Neuralgia.

The most intense pains are subdued almost instantly.

Give it a trial. Relief guaranteed or money refunded.

Thousands of testimonials sent on application.
